

Food Safety and Quality Management Summary

Greenwood Associates, Inc. distributes high quality juices, concentrates, purées, essences, and oils. Chicago Processed Fruit Group, LLC is Greenwood's co-packer and manufacturing facility. Our food safety and quality management programs are certified under FSSC 22000, and all products are handled in accordance with FDA 21 CFR 120 & 21 CFR 117. The utilization of robust pre-requisite programs further strengthen our quality scheme. We are subject to a number of on-site customer audits yearly and are confident in the quality of our product and process.
