

GREENWOOD ASSOCIATES, INC.

FRUIT JUICE CONCENTRATES, PUREES AND ESSENTIAL OILS

SINCE 1974

January 11, 2018

SPECIFICATION PATHOGEN STATEMENT

Greenwood does not specify pathogen parameters as it is not industry standard to test pathogen on a per batch basis because the process of thermal concentration/ pasteurization is designed to provide a 5-log reduction. Greenwood reports pathogenic parameters (E.coli & Salmonella) on product they have packed by Chicago Processed Fruit Group, but cannot guarantee them on COA's from their suppliers.

Best regards,

Alison Hutzler
