SPECIFICATION VARIANCE

Greenwood Associates, Inc provides 100% natural agricultural juice products and understands that many uncontrollable factors can affect a crop. Due to the unpredictable aspect of nature, Greenwood Associates maintains flexibility in select specification parameters. Greenwood Associates allows the following variations:

- % Acid
 - Concentrate: +/- 10% spec median value
 - Single Strength: +/- 10% spec median value

- Brix
 - Concentrate: +/- 3°
 - Single Strength: +5°/-0.5°

- pH
 - Concentrate: +/- 0.25
 - Single Strength: +/- 0.1
